

GLACUHO Book Club

The Book Club:

In an effort to collaborate more and engage our membership, the Professional Foundations Committee is sponsoring a Book Club. Interested members from schools within our region will read a common book, listed above; have online discussions and a culminating event at the end of timeframe, such as a GoTo Meeting or webinar.

The Book:

Where You Work Matters:

Student Affairs Administration at Different Types of Institutions

By: Joan Hirt (2006)

Layout of This Book:

This book is broken down into 7 different types of institutions: Liberal Arts, Community College, Religiously affiliated, Research, Comprehensive, Historically Black Colleges & Universities (HBCU's), & Hispanic Serving Institutions (HSI's). There will be a thread for each type of institution on the online discussion board, along with one that talks about the different types. You only need to read the types of institutions that interest or affect you!

Who is Coming to the Discussion?

The Professional Foundations Committee is soliciting professionals from different GLACUHO schools that fall into the seven categories. They will be people that can talk about a real-life experience at the school and help frame give some insight to the text.
